About BUS Game Devs

BC United Student Game Developers Association is a non-profit organization that brings aspiring game developers and game studios together. In the past, we hosted events such as @BCGameJam, @GGJVancouver, and @WGJCanada. Now as we step into the next stage, we invite you to grow and look for new opportunities to support and inspire the local game development community.

About BC Game Jam

Sat-Sun, September 17-18 @Northeastern University

What is a game jam? An event that unites game developers across multiple disciplines (writers, animators, programmers etc.) to develop games within a limited time frame. What differentiates the BC Game Jam from similar events is the focus on inviting high-school and post-secondary students to participate. We provide support, mentorship, and game showcase opportunities to create a true learning experience.

Why You Should Sponsor Us

We invite you to sponsor the BC Game Jam through monetary or in-kind support. By providing your support, expertise, and passion, your organization can:

- inspire the next generation of game developers
- scout emerging student talent
- network with other sponsors and the local dev scene

Should the event be cancelled, we will offer full refunds.
